

# Panayiotis Angelides

## Computer Science Student

### Resume Objective

Motivated computer science student with a sound foundation in software development and a growing interest in creating games. Proficient in both front-end and back-end development, with experience creating applications. Capable of handling complex problems and willing to learn and apply new technologies, particularly those related to artificial intelligence and game development. Currently looking for a placement position in software or game development to improve my abilities and contribute to interesting projects.

### Work Experience

**IT Product Coordinator Intern**  
FlyDubai IT - July 2022

Worked with the IT and product teams at FlyDubai IT to support the development and implementation of technical solutions. Improved cross-departmental coordination, leading to more efficient project delivery and alignment with business goals.
